

Grünwald system Langendorf 38 м³ 4-axle tipper semitrailer

Advantages

- Manufactured according to German technology.
- Half-pipe bodywork ensures rapid unloading of cargo and prevents sticking
- Reinforced welded steel frame .
- Original European components .
- Paint and varnish covering for the harsh climate.
- Welding works are performed in an argon environment, making the seam resistant to low temperatures.

Технические характеристики

Axles	4x9000 kg
Fifth wheel load	16 000 kg
Total weight	62 350 kg
Net weight	10 350 kg
Carrying capacity	52 000 kg
Body volume	38 cbm
Fifth wheel height	1 220 mm
Overall length	10 275 mm
Overall width	2 500 mm
Overall height	3 550 mm

Опции

- BPW HEAVY DUTY axles 3x12 tonns.
- Michelin quarry tires.
- Design according to customer requirements .
- SMARTBOARD information block.
- Polymer OKUSLIDE tab for quick unloading. .
- Rotary rear axis.

Warranty

- 12 months for the product.
- 3 years on the axial unit without mileage limitation.

Equipment

Chassis: Reinforced frame for heavy road conditions. The side walls of the Swedish steel OVAKO welded from both sides and keep elasticity at low temperatures. The reference device JOST. Lifting rear underride guard.

Bodywork: A semicircular shape made according to the original Half-pipe technology of S355MC steel. Welded from three overlapping parts, which avoids abrasive wear of joints load. The sides of the semitrailer have a longitudinal stiffening ribs for improving resistance to break .

Axles: Reinforced BPW HEAVY DUTY axles with drum brakes. Air suspension. Two front axis are lifting. The crane of lifting/lowering of the platform.

Brakes: Wabco EBS.

Hydraulic system: Hyva hydraulic cylinder provides a lifting of body by 42 °. The maximum pressure is 190 bar.

Tires and wheels: 7 wheels (including the spare). Galvanized steel wheels H.Lemmerz. Tires 385 / 65R22,5 Michelin Multi T.

Electrical equipment: two-wire system, the operating voltage is 24V, explosion-proof lamps, five-chamber rear lights with integrated triangular reflector.

Additional equipment: Six complete wings. Two wheel chocks with holders. Two brackets for the spare wheels. Aluminium working platform. Collapsible tent.
